

WHO WE ARE

Desert Star Family Planning exists because Dr. Taylor had a vision of patient centered well woman and family planning care. Stigma surrounds every aspect of women's reproductive health care and we are here to not only care for our community, but to empower and advocate for our community.

OUR MISSION AND VISION

Our mission is to promote the health and well-being of our patients and community by providing just, dignified, and exceptional care. We are your steadfast resource for comprehensive family planning and sexual health care.

Our vision is that access to the full range of reproductive health care is available to people who can become pregnant regardless of circumstance or zip code and provided by compassionate health care professionals who are also advocates for reproductive health and justice in their communities.

Our patients feel at home, welcomed, and cared for not only physically, but emotionally as well.

Our staff are dedicated to providing services that will exceed the expectations of our patients.
